They were excited to learn about the BPW Business Incubator ONLINE Women in Business Training & Mentoring Project and asked to collaborate with Belmont BEC & TCF Global to establish the pilot".

"Our hope for this project is to help develop the professional, business and leadership skills of women in small business internationally in selected nations – and in the future globally." Carol Hanlon said.

"I would also like to acknowledge the support of the Australian Government who partly funded the Belmont BEC to deliver our BPW Business Incubator Women in Business Training & Mentoring project during 2013-2014 to provide online training and mentoring to 700 women across Australia."
