Students' catwalk dreamtime

BELMONT City College students will strut their stuff on the catwalk at the Follow Your Dream - Partnership to Success modelling graduation at Centro Shopping Centre, Maddington on Friday.

The show will highlight the talents of 40 students from

Years 8 to 12 who have trained throughout the year with Metro Modelling Academy as part of the indigenous modelling project.

Program co-ordinator Colleen Devlin said the students learnt valuable grooming and deportment skills and

had all gained confidence.

"I think it has been really good for their sense of worth and self-esteem," she said.

"It is something a bit different that you don't normally get to do in school.

"They all hope the program will run again next year."
