India buying opportunity beckons

TCF assistance body TCF Australia, along with associated business incubator the Belmont Business Enterprise Centre (BEC), is India bound on a buying mission.

The mission will see Belmont BEC members visit the 47th India International Garment Fair - spring summer 2012, taking place from 12 to 14 July in New Delhi. Featuring over 500 established casualwear, eventwear, uniform, sportswear and accessory exhibitors, the fair is widely regarded as a key buying opportunity on the apparel industry calendar.

The mission is designed for established firms including: retailers looking to source and import readymade fashion, womenswear, menswear, childrenswear and accessories; manufacturers or buying agents looking to source new suppliers; and designers looking to source CMT factories for womenswear, menswear and childrenswear to manufacture offshore in India.

The trip is one of numerous forms of assistance offered by TCF Australia and Belmont BEC.

TCF Australia provides support and assistance to the fashion and TCF industries of Australia through development and delivery of services and national projects to assist with fashion and TCF small business growth and development.

Belmont BEC is a non-profit community based organisation that assists in fostering the growth and development of small business. Since its foundation in 1994, it has originated a number of projects and programs for the benefit of its small business clients, including awards programs, festivals and other business assistance schemes.
