EVENT

Third International Conference of Fashion Incubators

September 11-13, 2011

| Perth, Australia

All conference information and international speakers (to date) can be located at www.fashionincubators.com/program

The conference will offer new opportunities for fashion & business incubators, small business advisors, educators, governments, and fashion trade events from around the globe to network, discuss best practice, and expand global designer marketing and promotional opportunities.

Building on from past successful conferences of International Fashion Incubators held in the UK and USA, the Perth conference will present challenging speakers at the forefront of the fashion industry as well as a range of practitioners willing to share their experiences and expertise, exhibitors and great opportunities for global networking.

The conference will be held at the Hilton Hotel in Perth and is supported by Textile Clothing Footwear Resource Centre of WA Inc, designedge Fashion Incubator, TCF Australia, TCF Global and numerous local and international supporters.

For more information, please contact Carol Hanlon: carol.hanlon@tcfglobal.com
