Australian Network Management Supports Most Innovative Business Award in 2013 Belmont Small Business Awards

The 20th annual Belmont Small Business Awards are well underway, and nominations and entries are open until 5pm Monday 28th October 2013.

Australian Network Management has given support to the Awards this year and is sponsoring the Most Innovative Business Award. This year's Belmont Small Business Awards include a total of 23 categories for entrants to consider such as Enterprise of the Year, Spirit of Australia, Online Business, Indigenous Business of the Year and Young Entrepreneur Award.

The Small Business awards are coordinated by the Belmont Business Enterprise Centre (Belmont BEC), a non-profit community organisation that provides business webinars, workshops, mentoring and guidance to persons wishing to start or grow their business across Australia.

CEO of Australian Network Management Droyt Robb said, "I am proud to support small businesses throughout Western Australia, and would like to congratulate last year's winner Compu-Stor".

Since 1987, Belmont based Compu-Stor has provided Australian businesses with a complete records management service. The business is 100% family owned and their new state-of-the-art facilities have set the benchmark for records management in WA. The site consolidates 14 warehouses into one warehouse, with the capacity to store in excess of 1 million boxes. Compu-Stor is extremely proud to be one of the few Records Management Companies in Australia to have designed and written their own software system.

"I look forward to meeting this year's winner, and would like to encourage all businesses in Western Australia to see if they qualify for any of the 23 award categories. The Belmont Small Business Awards are free to enter, and the Belmont BEC can offer lots of assistance for small business entrants, including providing weekly information sessions on how to write an Awards submission", Droyt said.
