TCF Energy Efficiency Program Supports Energy Efficiency Award in 2013 Belmont Small Business Awards

The 20th annual Belmont Small Business Awards are well underway, and nominations and entries are open until 5pm Monday 28th October 2013.

The TCF Energy Efficiency Project has given support to the Awards this year and is sponsoring the Energy Efficiency Award. This year's Belmont Small Business Awards include a total of 23 categories for entrants to consider such as Enterprise of the Year, Spirit of Australia, Environment Award, Business Migrant, Home Based Business Award and Young Entrepreneur Award.

The Small Business awards are coordinated by the Belmont Business Enterprise Centre (Belmont BEC), a non-profit community organisation that provides business webinars, workshops, mentoring and guidance to persons wishing to start or grow their business across Australia.

Carol Hanlon, founder of the TCF Energy Efficiency Project said, "The TCF Australia 'ONLINE' Energy Efficiency Training & Mentoring Project offers an extensive range of specialist energy efficiency services to small businesses in the fashion, textile, clothing, footwear, leather (TCF) creative, and associated industries across Western Australia and nationally."

The Energy Efficiency Award is a new award in 2013 and will recognise reduction of energy usage in small businesses in Western Australia.

"I look forward to meeting this year's Energy Efficiency Award winner, and would like to encourage all businesses in Western Australia to see if they qualify for any of the 23 award categories. The Belmont Small Business Awards are free to enter, and the Belmont BEC can offer lots of assistance for small business entrants, including providing weekly information sessions on how to write an Awards submission", Carol said.
